

Dieppe Tank Notes

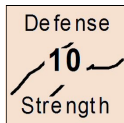

Churchill I - this is the first version of this heavy infantry tank. It was armed with a 75mm howitzer tucked away in the lower front hull with a limited field of fire and a 37mm AT gun in the turret. This tank may fire either as an “A” class or a “H” class unit as the owning player chooses.

This piece represents a Churchill I which has lost a track in the rocky chert. See special scenario rules concerning this.

This piece represents a Churchill III (6 pdr version found at Imaginative Strategist) which has lost a track in the rocky chert. See special scenario rules concerning this.

This piece represents a fortified position. See special scenario rules for its use.
